

## Southern African Research and Innovation Management Association (SARIMA) Workshop on:

# RESEARCH MANAGEMENT FOR RESEARCH LIBRARIANS

### About the workshop

This workshop will on the first day provide an overview of the basic principles of research management, the role of research librarians in advancing scholarship and the importance of collaboration between research managers and research librarians to effectively support research. An institutional case study will be presented and an overview of useful tools for research librarians will be provided. On the second day participants will be introduced to bibliometrics and its applications.

Please note that workshop numbers will be limited to facilitate engagement and discussions.

### Who should attend?

The workshop is primarily designed for research librarians at universities and other research institutions. However, research managers at these institutions can also benefit from the training.
